

ADVISORY NOTICE

MLT identification tests portfolio reduction

Dear customers,

We would like to officially inform you, that products designed for identification of Streptococci and Staphylococci listed in this letter, will be officially discontinued in March 2022.

Erba provides an alternative solution for affected groups of microorganisms in a form of non-reagent tests, listed here as replacement products. Non-reagent tests contain 24 reaction wells in each test, providing similar or higher quality of identification result as previously used products.

List of products:

Catalogue number	Product name	Replacement product catalogue number	Replacement product name
MLT00012	STAPHYtest 16	MLT00013	STAPHYtest 24
MLT00014	STREPTOtest 16	MLT00015	STREPTOtest 24
MLT00026	Suspension medium for STREPTOtest 16	MLT00027	Suspension medium for STREPTOtest 24

In case of any questions, don't hesitate to contact your local Erba representative or Erba product management team.

Kind regards

Erba product management team
