

ADVISORY NOTICE

41_2023_Discontinuation of selected specialized coagulation reagents

Dear Partners,

We regret to inform you that it is no longer sustainable for Erba to directly provide some specialized coagulation reagents.

We realize that stopping any product can create continuity challenges with your customers, so we have identified alternatives from a reputable supplier - Helena Laboratories company. These alternatives have been verified as fully compatibility with Erba instruments, they are a « plug & play » solution.

The products to be discontinued and their alternatives are listed in the following table:

DISCONTINUATION PLAN

- The current stock is still available.
- Orders will be closed as the stock is sold out, and our customer care colleagues will advise you of this accordingly.

- Most products, except Erba Chrom Antithrombin III and Erba Factor X Deficient plasma, have expiration dates from May 2024 to May 2026 depending on the lots and references.

We do apologize for any inconvenience this may cause and wish you a successful transition to the recommended new supplier.

Best regards,
